Dear Parents, Staff and Children,

Camp Program Review:

All families received an opportunity to comment on the camp program as it currently stands. While we have received some opinions already, I would like to remind everyone of this opportunity. Please respond to the camp review as soon as possible to assist us with the next phase of the process.

Mobile Phone Policy:

Thanks to the families who have written letters regarding the necessary use of phones for their children. All children are now required to leave mobile phones at home unless an arrangement has been made with our school.

Education Week:

A wonderful chance for families to visit the school and enter classrooms with their children. We had more than one hundred parents at school on Friday afternoon and many also attended earlier in the week. This generated a great deal of excitement for everyone, particularly the children who had someone special to show around. Thanks to parents for supporting the day and to staff for managing classes in a different manner last week.

Prep 2009 Information Sessions:

We conducted these last night and again this morning. It's always a pleasure for me to show new families what a wonderful school we have. The facilities, displays of children's work and the positive classroom environment were all things that were highlights according to last night's group. Thanks to the Prep teachers for their work leading up to these meetings.
